KIRBY: GENESIS CAPTAIN VICTORY

Dynamite Declares Victory!

Earlier this year, Dynamite Entertainment introduced readers to a revamped *Jack Kirby* Universe with the launch of ***Kirby: Genesis,*** a series by *Kurt Busiek, Alex Ross, & Jackson Herbert* that brought together numerous Kirby creations in an epic saga that seemed—well, positively *Kirbyesque* in its scope.

But any fan of *Jack Kirby's* work knows that the King's concepts and creations couldn't be confined to a single comic book series. So it should be no surprise that, come this fall, Dynamite will add a second Kirby Universe series, ***Kirby: Genesis—Captain Victory,*** to their lineup.

*"**Kirby: Genesis—Captain Victory*** is about a diverse group of intergalactic lawmen who travel the cosmos, fighting against the forces hell-bent on the destruction of everything," Dynamite's *Joseph Rybandt* explained. "Led by the mysterious warrior named Captain Victory, our team of Rangers fight the most terrifying monsters and mad men they can find! Unbeknownst to his own men, however, Captain Victory is harboring a terrible secret—the kind that could destroy not only the Galactic Rangers, but could bring about the destruction of all of time and space!"

"Captain Victory is the seminal work that Kirby did on his own," legendary artist, designer, and ***Kirby: Genesis*** co-writer *Alex Ross* said. "Of all his many projects and creations for mainstream publishers, ***Captain Victory*** is the one where he put forth his greatest and most ambitious push to try to break away from the commercial world, where he didn't own anything. The ***Captain Victory*** series has a great range of fantastic concepts and designs, all led by a perfect archetype of the ultimate Kirby leading man. It is amongst the foremost goals of the ***Kirby: Genesis*** series to re-launch this character."

Dynamite's ***Captain Victory*** launch will also mark another first for Dynamite: it's the first Dynamite book written by acclaimed author *Sterling Gates* since his exclusive contract with DC comics ended. In fact, "This is the first project Sterling is working on since he has become a 'free agent,'" Dynamite publisher *Nick Barrucci* said, adding that it's only appropriate that Gates should joint he company for "one of the biggest and most ambitious series we've launched in Dynamite's entire history! We also have amazing covers featuring art by *Alex Ross, Michael Avon Oeming, Wagner Reis,* and *Sean Chen.*"

*"**Captain Victory and His Galactic Rangers*** was one of the first books *Jack Kirby* wrote and drew outside of DC Comics and Marvel—making it one of the first creator-owned books in comic history—and I'm exceptionally proud to be continuing Captain Victory's story," *Sterling Gates* said. "Fans of Kirby's original Pacific Comics series will recognize these classic Kirby characters and concepts, but we're going to be doing our best to present the Rangers in a bold and exciting way for today's audience. What's the M.O. of the Rangers? Who joins them and why? And just how dangerous is Captain Victory's secret? We're going to be digging into a *lot* of that as the book goes along, producing a space opera that will be epic in scope, as well as acting as a huge lynchpin for parts of the *Kirby: Genesis* universe.

"Kurt Busiek and *Alex Ross* have showcased Captain Victory over in ***Kirby: Genesis***—and they've done some of the heavier lifting—but I'm really going to flesh out Victory's world and his character and make sure he's someone you want to read about every month. I think he's fascinating, and very different from a lot of the heroes you see on stands month to month. As you'll see in issue one, he could almost be an antihero, given some of the lengths he's will to go to stop his--aw, that'd be telling!

"And a great thing about Victory's crew is that they're all very different from one another. They all have vastly different backgrounds, they all have completely different abilities and interests and morals. Tarin, Mister Mind, Orca, Major Klavus—*all* of Kirby's characters will be in this book. It's really become an ensemble piece, with each issue in the first arc focusing on a different member of the Captain's crew. I'm trying to write very character-driven and interesting stories against these huge, cosmic backdrops. Which is a lot of fun! ***Kirby: Genesis—Captain Victory*** is going to explore a lot more of the 'universe' aspect in the new Kirbyverse, and I can't wait to show everyone what's out there!"

"Sterling has said it all, and we're elated and proud to have him join us on a project that is taking Dynamite to a whole new level," *Nick Barrucci* added. "We wanted to add to the ***Kirby: Genesis*** line of titles, but wanted to wait until several issues were in stores to build excitement for both the fans and retailers. By the time orders for ***Kirby: Genesis—Captain Victory*** are due, ***Kirby: Genesis*** #0 through #2 will be out (as well as possibly #3), which will give fans enough issues to have a feel for the series.

"I'll add again that we've wanted to work with Sterling for a while, and we're *extremely* happy that he could add ***Captain Victory*** to his roster of books. And the covers by *Alex Ross, Michael Avon Oeming, Wagner Reis, & Sean Chen* are the icing on top of the cake."

Kirby: Genesis—Captain Victory #1, a $3.99 comic written by *Sterling Gates* and illustrated by *Wagner Reis,* is scheduled for mid-October release. *Alex Ross* will provide the art for the primary cover, while *Michael Avon Oeming* will illustrate the 1-for-10 incentive; *Sean Chen,* the 1-for-15; and *Wagner Reis,* the 1-for-25.

•IDW has confirmed plans to continue the original Marvel ***Transformers*** series, which ended back in 1991 with #80. Their plans call for the release of ***Transformers #80.5,*** which will bring readers up to speed with the old series, which will then be followed by #81. Creators *Simon Furman & Andrew Wildmsn* have plans that will unfold through ***Transformers #100.***

•When DC announced the New 52, some readers noted that there were fewer female creators associated with these books than has been the norm at DC in recent years. To assure readers that DC is still home to a diverse creative team, co-publishers *Dan DiDio & Jim Lee* issued the following statement: "Over the past week we've heard from fans about a need for more women writers, artists and characters. We want you to know, first and foremost, that we hear you and take your concerns very seriously.

"We've been very fortunate in recent years to have fan favorite creators like *Gail Simone, Amy Reeder, Felicia Henderson, Fiona Staples, Amanda Connor, G. Willow Wilson,* and *Nicola Scott* write and draw the adventures of the World's Greatest Super Heroes.

"DC Comics is the home of a pantheon of remarkable, iconic women characters like Wonder Woman, Lois Lane, Batgirl, Batwoman, Catwoman and Supergirl as well as fan favorite characters like Black Canary, Katana, Mera and Starfire. We're committed to telling diverse stories with a diverse point of view. We want these adventures to resonate in the real world, reflecting the experiences of our diverse readership. Can we improve on that? We always can—and aim to.

"We'll have exciting news about new projects with women creators in the coming months and will be making those announcements closer to publication. Many of the above creators will be working on new projects, as we continue to tell the ongoing adventures of our characters. We know there are dozens of other women creators and we welcome the opportunity to work with them."

And you can count on seeing those announcements in upcoming issues if ***CSN!***
